Credit Application Form

This form is to be used by prospective and current Monash University students when applying for credit, which includes either credit transfer for previous study or Recognition of Prior Learning (RPL).

General information

This application for credit is only for the current course you are applying to or are enrolled in (as listed in Section B). If you apply for admission to a new course, you will need to submit a new application for credit.

When applying for credit transfer, an original or certified copy of your academic results and unit syllabus (units synopsis, assessment, number of hours, textbooks used) for the year the unit was studied is required for all studies not completed at Monash University.

You will receive written notification from your school regarding the outcome of your credit application. Applicants should enrol in units with the assumption that credit has not been granted until notified otherwise.

Credit policy and procedures

For the university policy on Credit (including Recognition of Prior Learning), see: www.adm.monash.edu.au/execserv/policies/AcademicPolicies/policy/credit-transfer.html

For the university procedures for credit transfer, see: www.adm.monash.edu.au/execserv/policies/AcademicPolicies/procedures/credit-transfer.html Faculties may also have specific school policies on credit transfer and RPL. Please refer to school websites and handbooks for relevant school policies. See: www.monash.edu.au/pubs/handbooks/srg/

Application processing

Applications for credit transfer will normally be assessed within ten working days where there are current precedents. A longer period may be required if a new assessment is required, particularly at peak admission and enrolment times.

Applications for recognition of prior learning will normally be assessed within 20 working days. Where full assessment is required, a longer period may be required particularly at peak admission and enrolment times.

Types of credit that may be granted:

- **Specified credit:** Credit for specific Monash University units as identified by their unit code.
- **Discipline-specific credit:** Credit that is specified only by credit point value, level and discipline, but not by unit codes. That is, the credit is identified as being within the discipline, but not as equivalent to any specific unit. Thus it may contribute to completion of major, minor or sequence requirements but may not stand in place of a core unit.
- **Unspecified credit:** Credit that is specified only by credit point value and level, and which can only contribute to course completion by standing in place of elective units.
- **Exemption:** Where, on the basis of previous similar study, a student is waived the requirement to pass a core unit, but in its place is required to complete another unit of the same credit point value.
- **Block credit:** Involves credit being granted for a whole section of a course such as a semester or year of full-time study in the course, rather than for specific units.
- **Recognition of prior learning (RPL):** An assessment process that assesses the individual's non-formal and informal learning to determine the extent to which that individual has achieved the required learning outcomes, competency outcomes, or standards for entry to, and/or partial or total completion of, a qualification.

Where the application seeks credit for units within the partner school's area of the course, the application will be sent for assessment by the managing school to the partner school.

Where the outcome of a credit assessment is provided in a course offer letter, the information will be sent by the managing school (or International Admissions, where the school has delegated credit administration).

Where the application is subsequent to the admission application, the managing school will notify the student separately of the outcome of the credit application.
